**New England Mutual Life Ins.,**  
Of Boston, Mass., Chartered in 1843.  
Capital and accumulation, \$650,000.  
THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security to its policyholders, and to return to the insured the surplus at stated periods, and strict economy is observed in all its operations.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium. The directors are peculiarly interested in the company, and they give their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties. Insurance may be effected for the benefit of the wife, which is secured by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

**Highly Important to Farmers.**  
THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST.  
**THE MADISON MUTUAL,**  
LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, etc., from one to five years, at lower rates than most other responsible companies. All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other company, and they will have no losses only their own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, hotels, shops and such like property. In such cases all such property is rejected positively, by LETTING THEM ALONE.

Farmers, look to your own interest, and insure in a company that will not reject your property.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last fourteen months we have not had a single dollar loan, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the company.

"Prof. Comstock."—As we have heretofore alluded to the Milwaukee News in connection with this itinerating "professor" of impudence and humbuggery, it is only fair that we should give its explanation of the banner in which its columns were obtained to "puff" that essence of self-conceit and imposture. This explanation we find in the News of Tuesday last, and in republishing it, it may not be amiss to say that the News has vastly improved its character since its new editors have had charge of it, and that our opinion of its late editor is improved by seeing that he had the manliness to decline any job that might be required of him. Says the News:

"This Comstock, the self-styled 'professor,' called upon the late editor of the Morning News about six weeks since, and endeavored to obtain an editorial endorsement of his 'terra culture system.' He not only did not succeed in this attempt, but failed to obtain the insertion of a communication, puffing himself and his 'system,' until it was paid for as an advertisement. Subsequently, having learned that a young gentleman had temporary charge of our editorial columns during our absence at the east, who was unacquainted with the facts above stated, the 'professor' obtained, by false pretenses, an editorial endorsement, written by himself, and a large number of extras struck off with this highly impartial and disinterested recommendation, in order to extend his 'system' of gulling fools."

If there were no other evidence, such conduct in presumptive evidence of dishonesty. But "Professor" Comstock does not bring with him an irreproachable reputation from the east, and the most prominent men in the state of New York, where he lives, as well as the best agriculturists in Wisconsin, have pronounced his "system" to be as great a humbug as himself. We trust that those papers which he has induced to publish our commendation of him and his "system," will do us the justice to publish this explanation of the surreptitious manner in which he obtained it.

Our own acquaintance with this modest specimen of humanity began and ended with a call in which he intimated a libel suit for publishing the proceedings of a meeting in Waukesha county reproaching his "system." Before visiting he had sent through the mail a long circular embodying the most extravagant laudation of himself and wonderful accounts of the value of his "system," with a refreshingly cool request that almost amounted to a command to publish at length. Not a word was intimated that it was designed as an advertisement, or that any pay was ever intended, but the assumption was apparent that its publication was considered a public duty, and the editor who should be selected to announce so great a boon to the people was under obligation for a high personal favor. The threat of a libel suit for publishing the Waukesha county meeting failing to extract a promise of retraction and an unlimited use of our columns to extol himself and puff his system, he came to the conclusion that we were of no account and could do him no harm. Since then we have not been troubled with him or his importunities to advance his humbugging project. The "professor" has less brains than we gave him credit for, or presumes more largely upon public credulity than we supposed even he would attempt, by provoking the exposures his folly and mendacity merit.

Who is DELINQUENT?—A correspondent writes to the following:

"The common council take some action upon the nuisance at the east end of the upper bridge. The stench is intolerable. I should suppose that when there is so little to do to keep the avenues clean, and by that means preserve the health of the city, it would be done without having to call attention through the press to every nuisance that exists. We have escaped sickness most wonderfully so far, but the public will give little credit to the common council for it."

Our correspondent indulges in some not very complimentary allusions to the common council, which we suppress, as their publication would not probably expedite the reform desired, and may be misapplied, the board of health being pretty fully empowered to act in the matter.—The nuisance complained of ought to be abated, for very decency's sake, if nothing else. After a proper present purification, perhaps any future offenses might be prevented by tearing up the plank and exposing to the public gaze the offenders if they have any disposition to continue their filthy practices. The bridge is useless now for the purpose of crossing with teams, and a foot-path for our citizens would answer all the uses now allowed. At all events, let something be done by somebody.

FATAL ACCIDENT.—We learn that a woman named Moore was killed at the Fulton depot Tuesday evening by the train going west. She attempted to get into the cars after the train had started, and missing her step was thrown between the depot platform and train, where she was crushed to death.

RAILROAD MEETING IN MONROE.—We learn from gentlemen who left Monroe Tuesday afternoon before the meeting adjourned, that the attendance was very large, and that a good deal of feeling was exhibited in favor of the immediate prosecution of the road. It is expected that the stock subscriptions in Greene county will be liberal, and hoped that the construction of the road will soon commence.

BATHING TUBS.—Should the present roasting hot weather suggest to any one the idea of a cooling bath, the means of carrying out that idea, conveniently and fully, may be found at the store of Lawrence Atwood, & Co. They have several styles of tubs, which are well made and well adapted to the purpose designed.

MANNA, KANSAS.—As the Milwaukee Sentinel doubts of their being any truth in the charges made against the railroad company in your paper a few days since, I will again say that they are true. In addition to the two cars that came in on Wednesday and three on Thursday, on Friday four more came; and as one of the four was loaded with coal, and could not go back by the next train, it gave us the enormous amount of eight cars for four days. The company have kindly driven us out of the depot, and will not allow us to weigh our grain on their scales, nor put it inside of their buildings. For want of cars, our warehouses were crowded to breaking down, and we had to receive and stack our grain on the outside of the depot on the platform. I have no doubt that on Saturday night last more grain was piled up around the depot than could have been found at Milton, Fulton, Stoughton and Madison. On Monday about twenty loaded cars went out from here, and on Tuesday about nine more—leaving lots of grain that had for days been waiting shipment. If this was the first time we had been bothered so we would not complain, but it has become an old story. Probably one-quarter, certainly one-eighth more grain would have gone over this road from here last fall, had there been a sufficiency of freight cars. Wheat fell in our market from 15 to 20 cents per bushel in four days last week, and that solely for want of cars. Our warehouses and bags were filled, and we had to quit buying for want of ability to take care of the grain. All in the business understand the difficulty of drawing grain to a market after the prices have run down below that at other markets, and below what it should be. And then again, it is worth everything to have the farmers have confidence in our markets that they can always get good prices for their produce.

Prices rule higher here, at most all times, than at any other station on the road, freight considered. Most of the time last winter, good wheat brought here from ten to twenty cents a bushel more than it did at Stoughton or Madison. Our mills will always cause good wheat to rule high here, and that brings in large quantities of other kinds of grain. But just as soon as it begins to pour in, then they shut down on cars. Last fall a farmer could take his forty bushels of grain with him, and go into Milwaukee and back for two dollars passage money. A produce dealer on the road, who sent in twenty thousand bushels a month, would have to pay four dollars to go in and back. Although I belong to that proscribed class, "produce dealers," which by some of the officers of the road have been called the "curse of the road," and have generally been treated in the manner indicated by the remark above given, yet I care nothing about that if we can have sufficient facilities for doing business this coming season.

Encouraged by promises made to different individuals by the superintendent that he would furnish us all the cars we needed this fall, we have made preparations for a heavy business, which will require the use of a large number of cars. And if the company have, or can have by borrowing, a sufficiency of rolling stock to do what business wants to be done by them, then let them bring it on and not compel us to unload their cars of freight, and then load up again with our grain; and even then have only a quarter or an eighth of what cars we need.

Milwaukee has of late shown herself anxious to connect herself more closely with us by means of the Southern Wisconsin railroad. And if they are anxious to make a big show of receipts to help build their road on west and north-west, let them treat us decently and we will add to their freight bill more than they have imagined possible.

The Sentinel will thus see that at least a portion of our complaints are well founded, and that removing the cause will, we think, add to the interest of Janesville, Milwaukee, the M. & M. R. R. Co., and certainly to the interest of the sufferers.

As to the imputed attempt to drive business from Janesville to the line of the road north, we are told that it has been repeatedly asserted here by persons from the neighborhood of other stations, that such a determination has been avowed by individuals connected with the road. If such is not to be the policy of the company, we think it would be well to give a more authoritative denial than the disbelief of the Sentinel, for it is a fact that reports of the character alluded to are in circulation and have obtained credence with some from the recent events on the road. We know nothing of the matter ourselves, and should have made no allusion to it if our correspondent had not neglected or overlooked it. We refer to it that an injurious report may be corrected, if it is unfounded.

The Milwaukee News learns from Washington that at the request of the Hon. Henry Dodge, the lands heretofore withdrawn from sale or entry in the Willow River and Mineral Point district on the line of the proposed railroad from Dubuque to Fond du Lac, Lake Superior, will again be subject to location and entry on and after the 25th of September next, on the same conditions as before the withdrawal.

MECHANIC'S MUTUAL PROTECTION.—This order which died out some years ago, has been resuscitated in western New York. Lodges have been established in Buffalo, Lockport and Medina.

The Farmer's Bank of Chicago have given notice that they desire to withdraw their issue, and request a presentation of their notes at the banking office.

The Kenosha Telegraph says that a friend from the country informs it that the present hot and dry weather threatens the almost entire destruction of the potato crop. Should it continue a few days longer, potatoes will turn out very small and very few to the hill.

(Reported for the Janesville Gazette.)

WISCONSIN ANNUAL CONFERENCE OF THE M. E. CHURCH.

The seventh session of this body was convened in the first M. E. Church of this city, to-day, at 9 o'clock A. M., the venerable Bishop Morris, of Cincinnati, Ohio, presiding.

The conference was opened by the bishop in the use of the usual ceremonies. The preachers were generally present from the various parts of the conference, which embraces the state of Wisconsin, a small portion of Illinois and the territory of Minnesota.

There are about one hundred and fifty preachers in the body, all of whom seem in the enjoyment of their usual health and in fine spirits. Although the greater portion of the preachers present are in the earlier walks of ministerial life, they appear intelligent, devotional, and resigned to the work in which they are engaged. The conference, however, contains some who have long been engaged in the vineyard of the Lord, and who, ere long, must be called to their everlasting reward.

After the opening services, the Rev. Mr. Randall, assistant secretary for the past year, called the names of the preachers, those present answering to their names. The president then called upon the conference to appoint a secretary for the present year; whereupon a number of names were suggested. On motion, it was resolved "that the person having a plurality of votes cast on the first ballot shall be secretary."

The Rev. Messrs. Bronson and Youcum were appointed tellers.

Rev. W. H. Sampson having received a plurality of the votes cast, was declared secretary for the present year.

Rev. J. C. Dana was then appointed assistant secretary, *vice voco*.

A number of preachers from other conferences were then introduced to the conference by the bishop.

The secretary read the by-laws of the conference, when they were adopted for the present session.

The conference then resolved to meet at 8 o'clock A. M., and adjourns at 12 M. The afternoon being devoted to the business of the several committees.

The presiding elders were then appointed a committee to nominate the standing committees for the session, who thereupon retired to attend to the duty assigned them.

On motion the bar of the conference was made to extend from the pulpit to the second seat east of the middle windows—the seats beyond this and on either side of the pulpit being reserved for spectators.

Rev. Mr. Prescott then offered in substance the following resolution, viz:—

"That the bishop be requested not to appoint any presiding elder, who may have served four years in succession as such, to the same position again, until he has served at least two years on some circuit, station, or other work of the conference."

Mr. P.—supported his resolution in some brief remarks.

The question was then called for, when the bishop suggested the propriety of deferring action on it until the presiding elders (then absent) should be present, which was agreed to.

The conference then took a recess of twenty minutes.

The first business after recess was the reading of the report of the presiding elders, which, after some amendments, was adopted.

Committees were appointed on temperance, slavery, tracts, Sunday schools, the bible, missions, and other matters pertaining to the wants of the conference.

The resolution previously offered by the Rev. Mr. Prescott, was then taken up and passed.

Several communications were then, in their order, presented by the bishop for the consideration of the conference, the most important of which was one from the Cincinnati conference, which contemplates the establishment, by the united action of all the conferences, an institution for the education of people of color.

Some time further was spent in the examination of the characters and passage of the preachers yet on trial, when the conference adjourned until to-morrow.

Janesville, Aug. 30, 1884.

The Janesville Free Press says there are three whigs in Rock county who adhere to the old whig organization.—Free Dem.

And might have added, not one who adheres to the old free soil organization.

THE TELEGRAPH.—There is reason to apprehend a trick of some kind upon the telegraph wire between here and Milwaukee. With the past week, men have been over the entire line three times, and the wire is in no place found down, or any apparent cause of trouble. Still, the registers in the offices do not work except between Janesville and Whitewater. Yesterday two of the operators were sent from Whitewater to Milwaukee to find out if possible the cause of the difficulty.

Senator Douglas is to address the people of Chicago to-morrow defence of the Nebraska bill.

Delegates to the congressional convention in the first district have thus far been chosen equally from the whig and free soil parties.

ESTIMATED EXPENSES.—The estimated expenses of the city of Milwaukee for the coming year is \$21,250.00 for city purposes, and \$32,224.00 for ward purposes, the ward tax being divided as follows:

1st Ward.....	6,694 62
2d ".....	3,086 19
3d ".....	6,365 92
4th ".....	3,991 70
5th ".....	2,085 57
Total.....	22,224 00

The railroad Convention at New York passed a resolution against the system of "free passes."

DANVERS, BOY.—The Petersburg Democrat learns that a terrible row took place at Lynchburg, Thursday night, between the showmen at Barnum's mammoth exhibition and the citizens of Lynchburg, resulting from the great number of extra charges made notwithstanding the published notice that the whole was to be open for fifty cents. Two of the citizens and three of the showmen were very seriously, if not fatally injured, and many others slightly. The ticket office and its contents were destroyed and the show fixtures damaged. The scene is represented to have been fearful; men, women and children were assembled under the huge tent, and the greatest consternation prevailed. Unable to leave the tents, being in some cases described by their protectors, and in all afraid of being shot or knocked down in the melee, the alarm of the ladies was excessive. After the informant of the Democrat left the scene of action, he heard fifteen reports of pistol shots, and clubs and fists were very freely used during the whole continuance of the disturbance.

The Post is quite jubilant because Dr. Edson R. Olds, of Ohio, and Richardson, of Illinois, prominent Nebraskaites and doughfaces of the worst description, have been respectively nominated for re-election. It may be as well for the Post to wait until they are re-elected before it crows too lustily. If we mistake not the integrity of their constituencies, an ignominious defeat is in store for both of these arch-traitors to freedom. The convention to settle Dr. Olds' political coffee, meets at Columbus on Saturday. The man they will nominate will, if the signs are not deceptive, take the place of the dishonest and tricky chairman of the committee of the whole, whose scoundrelism the Post gloats over. Both Richardson and Olds will, we are fully confident, be laid for ever on the shelf, as dried and musty specimens of effete demagogues and traitors, never to be taken down unless from mere curiosity by some political virtuoso, who may wish to inspect their mortal remains.—Boston Atlas.

THE GREAT VALLEYS OF THE WEST.—The difference of elevation of the valleys of the Missouri and the Mississippi has been determined. The level of the Missouri at Council Bluffs is one thousand and twenty feet above the Mexican Gulf; that of the Mississippi at Rock Island, in the same latitude, only five hundred and twenty-eight feet. At Port Pierre, in latitude 44 deg. 24 min., the elevation is one thousand and fifty-six feet, while at the lower end of Lake Pepin, in the same latitude, the elevation is only seven hundred feet above the Gulf. There are in the Missouri 210 islands between the Yellow Stone and the mouth; one-half of them produce forest trees, chiefly cottonwood and palm trees below the Platte, and above it intermingling gradually with trees and shrubs peculiar to higher regions, until the predominant growth is stunted cedar and pine. The number of tributaries within the same space is over two hundred. Very few of them are of any size or length. The Kansas and the Platte are the only ones west of the states of any value for navigation.

NEWSPAPERS NORTH AND SOUTH.—At the date of the last census, there were six slave-holding states in which there was no daily paper. The weeklies have a very limited circulation. All the periodicals of large circulation are published in the north. Take any ten weeklies in the south, and the aggregate of their editors would not equal that of the Saturday Evening Post, or of the N. Y. Weekly Tribune. In magazine literature, Putnam's Monthly has a larger circulation than all the southern magazines together, while Harper's nearly doubles Putnam's. The last census reveals these facts concerning the daily and other periodical publications in the different states of the union:

"Free states, daily 180; weekly and others 1623; total 1803. Slave states, daily 7; weekly and others 645; total 716."—Cleveland Leader.

EDITORIAL FARMING.—Horace Greely, it is well known, has taken to farming. Last year, when in Massachusetts, attending the poultry show, he bought half a dozen pure Cochins China eggs, at \$6 a dozen, which produced him six ugly ducks. An editor from Maine, however, fared still worse. He bought half a dozen eggs of a "new variety," which the dealer assured him would produce "very rare birds." So they did, for they were put under the very best hen, and in due time came out—"what do you think?"

"I could not guess," said his friend; "what were they?"

"Land turtles," and what was worse, as soon as they were hatched, they seized upon the old hen, and such a squalling never was heard in any other hen's nest."

A TAME WHALE.—An eastern traveler, in a newly published work, entitled "notes of travel," relates the following singular fact, which came under his observation at Muscat:

"No visitor to the harbor is better welcomed by the natives than Muscat Tom. This name has been given by sailors to a male finback whale which has made an habitual practice for over forty years to enter, feed and frolic about the cove several hours in each day, always leaving before night. Sometimes a smaller member of his tribe, supposed to be a female, accompanies him. His length may not be less than seventy feet and that of his companion fifty feet. Since his arrival signals the departure of the sharks which infest the waters of the harbor to the prevention of sea bathing by the natives, the most strenuous caution is observed not to interfere with his pursuits and diversions. He shows no fear of such vessels as trespass upon his watery field. One day as he came rolling leisurely and jollily along-side of a vessel at anchor in the harbor, and on board of which I was, one of the crew threw with considerable impetus a stick of wood into his open mouth as he raised his head out of water. This breach of the good treatment which he has been wont to receive did not draw any signs of displeasure from his whaleship, although more than one malediction was bestowed upon the imprudent tar by exasperated natives who had observed his censurable conduct."

"Prof. Comstock."—As we have heretofore alluded to the Milwaukee News in connection with this interesting "professor" of impudence and humbuggery, it is only fair that we should give him the explanation of the manner in which his columns were obtained to "puff" that essence of self-conceit and imposture. This explanation we find in the News of Tuesday last, and in republishing it, it may not be amiss to say that the News has vastly improved its character since its new editors have had charge of it, and that our opinion of its late editor is improved by finding that he had the manliness to decline any job that might be required of him. Says the News:

This Comstock, the self-styled "professor," called upon the late editor of the Morning News about six weeks since, and endeavored to obtain an editorial endorsement of his "terra-cotta system." He not only did not succeed in this attempt, but failed to obtain the insertion of a communication, puffing himself and his "system," until it was paid for as an advertisement. Subsequently, having learned that a young gentleman had temporary charge of our editorial columns during our absence at the east, who was unacquainted with the facts above stated, the "professor" obtained, by false pretenses, an editorial endorsement, written by himself, and a large number of extras struck off with this highly impartial and disinterested recommendation, in order to extend his "system" of puffing state.

If there were no other evidence, such conduct is presumptive evidence of dishonesty. But "Professor" Comstock does not bring with him an irreproachable reputation from the east, and the most prominent men in the state of New York, where he lives, as well as the best agriculturists in Wisconsin, have pronounced his "system" to be as great a humbug as himself.

We trust that those papers which he has induced to publish our commendation of him and his "system," will do us the justice to publish this explanation of the surreptitious manner in which he obtained it.

Our own acquaintance with this modest specimen of humanity began and ended with a call in which he intimated a libel suit for publishing the proceedings of a meeting in Waukesha county reproaching his "system." Before visiting us he had sent through the mail a long circular embodying the most extravagant laudation of himself and wonderful accounts of the value of his "system," with a refreshingly cool request that almost amounted to a command to publish at length. Not a word was intimated that it was designed as an advertisement, or that any pay was ever intended, but the assumption was apparent that its publication was considered a public duty, and the editor who should be selected to announce so great a boon to the people was under obligation for a high personal favor. The threat of a libel suit for publishing the Waukesha county meeting failing to extort a promise of retraction and an unlimited use of our columns to extol himself and puff his system, he came to the conclusion that we were of no account and could do him no harm. Since then we have not been troubled with him or his importunities to advance his humbuggery project. The "professor" has less brains than we gave him credit for, or presumes more largely upon public credulity than we supposed even he would attempt, by provoking the exposures his folly and mendacity merit.

Was he DELINQUENT?—A correspondent writes the following:

"Will the common council take some action upon the nuisance at the east end of the upper bridge. The stench is intolerable. I should suppose that when there is so little to do to keep the avenues clean, and by that means preserve the health of the city, it would be done without having to call attention through the press to every nuisance that exists. We have escaped sickness most wonderfully so far, but the public will give little credit to the common council for it."

Our correspondent indulges in somewhat very complimentary allusions to the common council, which we suppress, as their publication would not probably expedite the reform desired, and may be misapplied, the board of health being pretty fully empowered to act in the matter. The nuisance complained of ought to be abated, for very decency's sake, if nothing else. After a proper present purification, perhaps any future offence might be prevented by tearing up the plank and exposing to the public gaze the offenders if they have any disposition to continue their filthy practices. The bridge is useless now for the purpose of crossing with teams, and a foot-path for our citizens would answer all the uses now allowed. At all events, let something be done by somebody.

FATAL ACCIDENT.—We learn that a woman named Moore was killed at the Fulton depot Tuesday evening by the train going west. She attempted to get into the car after the train had started, and missing her step was thrown between the depot platform and train, where she was crushed to death.

RAILROAD MEETING IN MONROE.—We learn from gentlemen who left Monroe Tuesday afternoon before the meeting adjourned, that the attendance was very large, and that a good deal of feeling was exhibited in favor of the immediate prosecution of the road. It is expected that the stock subscriptions in Greene county will be liberal, and hoped that the construction of the road will soon commence.

BATHING TUBS.—Should the present roasting hot weather suggest to any one the idea of a cooling bath, the means of carrying out that idea, conveniently and fully, may be found at the store of Lawrence Atwood, & Co. They have several styles of tubs, which are well made and well adapted to the purpose designed.

MISSISSIPPI.—As the Milwaukee Sentinel doubts of their being any truth in the charges made against the railroad company in your paper a few days since, I will again say that they are true. In addition to the two cars that came in on Wednesday and three on Thursday, on Friday four more came; and as one of the four was loaded with coal, and could not go back by the next train, it gave us the enormous amount of eight cars for four days. The company have kindly driven us out of the depot, and will not allow us to weigh our grain on their scales, nor put it inside of their buildings. For want of cars, our warehouses were crowded to breaking down, and we had to receive and stack our grain on the outside of the depot on the platform. I have no doubt that on Saturday night last more grain was piled up around the depot than could have been found at Milton, Fulton, Stoughton and Madison. On Monday about twenty loaded cars went out from here, and on Tuesday about nine more—leaving lots of grain that had for days been waiting shipment. If this was the first time we had been bothered so we would not complain, but it has become an old story. Probably one-quarter, certainly one-eighth more grain would have gone over this road from here last fall, had there been a sufficiency of freight cars. Wheat fell in our market from 15 to 20 cents per bushel in four days last week, and that solely for want of cars. Our warehouses and bags were filled, and we had to quit buying for want of ability to take care of the grain. All in the business understand the difficulty of drawing grain to a market after the prices have run down below that at other markets, and below what it should be. And then again, it is worth everything to have the farmers have confidence in our markets that they can always get good prices for their produce.

Prices rule higher here, at most all times, than at any other station on the road, freight considered. Most of the time last winter, good wheat brought here from ten to twenty cents a bushel more than it did at Stoughton or Madison. Our mills will always cause good wheat to rule high here, and that brings in large quantities of other kinds of grain. But just as soon as it begins to pour in, then they shut down on cars. Last fall a farmer could take his forty bushels of grain with him, and go into Milwaukee and back for two dollars passage money. A produce dealer on the road, who sent in twenty thousand bushels a month, would have to pay four dollars to go in and back. Although I belong to that proscribed class, "produce dealers," which by some of the officers of the road have been called the "curse of the road," and have generally been treated in the manner indicated by the remark above given, yet I care nothing about that if we can have sufficient facilities for doing business this coming season.

Encouraged by promises made to different individuals by the superintendent that he would furnish us all the cars we needed this fall, we have made preparations for a heavy business, which will require the use of a large number of cars. And if the company have, or can have by borrowing, a sufficiency of rolling stock to do what business wants to be done by them, then let them bring it on and not compel us to unload their cars of freight, and then load up again with our grain; and even then have only a quarter or an eighth of what cars we need.

Milwaukee has of late shown herself anxious to connect herself more closely with us by means of the Southern Wisconsin railroad. And if they are anxious to make a big show of receipts to help build their road on west and north-west, let them treat us decently and we will add to their freight bill more than they have imagined possible.

The Sentinel will thus see that at least a portion of our complaints are well founded, and that removing the cause will, we think, add to the interest of Janesville, Milwaukee, the M. & M. R. Co., and certainly to the interest of the sufferers.

ONE OF 'EM.

As to the imputed attempt to drive business from Janesville to the line of the road north, we are told that it has been repeatedly asserted here by persons from the neighborhood of other stations, that such a determination has been avowed by individuals connected with the road. If such is not to be the policy of the company, we think it would be well to give a more authoritative denial than the disbelieve of the Sentinel, for it is a fact that reports of the character alluded to are in circulation and have obtained credence with some from the recent events on the road. We know nothing of the matter ourselves, and should have made no allusion to it if our correspondent had not neglected or overlooked it. We refer to it that an injurious report may be corrected, if it is unfounded.

The Milwaukee News learns from Washington that at the request of the Hon. Henry Dodge, the lands heretofore withdrawn from sale or entry in the Willow River and Mineral Point district on the line of the proposed railroad from Dubuque to Fond du Lac, Lake Superior, will again be subject to location and entry on and after the 25th of September next, on the same conditions as before the withdrawal.

MECHANIC'S MUTUAL PROTECTION.—This order which died out some years ago, has been reconstituted in western New York. Lodges have been established in Buffalo, Lockport and Medina.

The Farmer's Bank of Chicago have given notice that they desire to withdraw their issue, and request a presentation of their notes at the banking office.

The Kenosha Telegraph says that a friend from the country informs it that the present hot and dry weather threatens the almost entire destruction of the potato crop. Should it continue a few days longer, potatoes will turn out very small and very few to the hill.

WISCONSIN ANNUAL CONFERENCE OF THE M. E. CHURCH.

The seventh session of this body was convened in the first M. E. Church of this city, to-day, at 9 o'clock A. M., the venerable Bishop Morris, of Cincinnati, Ohio, presiding.

The conference was opened by the bishop in the use of the usual ceremonies. The preachers were generally present from the various parts of the conference, which embraces the state of Wisconsin, a small portion of Illinois and the territory of Minnesota.

There are about one hundred and fifty preachers in the body, all of whom seem in the enjoyment of their usual health and in fine spirits. Although the greater portion of the preachers present are in the earlier walks of ministerial life, they appear intelligent, devotional, and resigned to the work in which they are engaged. The conference, however, contains some who have long been engaged in the vineyard of the Lord, and who, ere long, must be called to their everlasting reward.

After the opening services, the Rev. Mr. Randall, assistant secretary for the past year, called the names of the preachers, those present answering to their names. The president then called upon the conference to appoint a secretary for the present year; whereupon a number of names were suggested. On motion, it was resolved "that the person having a plurality of votes cast on the first ballot shall be secretary."

The Rev. Messrs. Bronson and Youcum were appointed tellers.

Rev. W. H. Sampson having received a plurality of the votes cast, was declared secretary for the present year.

Rev. J. C. Dana was then appointed assistant secretary, *viva voce*.

A number of preachers from other conferences were then introduced to the conference by the bishop.

The secretary read the by-laws of the conference, when they were adopted for the present session.

The conference then resolved to meet at 8 o'clock A. M., and adjourns at 12 M. The afternoon being devoted to the business of the several committees.

The presiding elders were then appointed a committee to nominate the standing committees for the session, who thereupon retired to attend to the duty assigned them.

On motion the bar of the conference was made to extend from the pulpit to the second seat east of the middle windows—the seats beyond this and on either side of the pulpit being reserved for spectators.

Rev. Mr. Prescott then offered in substance the following resolution, viz:—

"That the bishop be requested not to appoint any presiding elder, who may have served four years in succession as such, to the same position again, until he has served at least two years on some circuit, station, or other work of the conference."

Mr. P.—supported his resolution in some brief remarks.

The question was then called for, when the bishop suggested the propriety of deferring action on it until the presiding elders (then absent) should be present, which was agreed to.

The conference then took a recess of twenty minutes.

The first business after recess was the reading of the report of the presiding elders, which, after some amendments, was adopted.

Committees were appointed on temperance, slavery, tracts, Sunday schools, the bible, missions, and other matters pertaining to the wants of the conference.

The resolution previously offered by the Rev. Mr. Prescott, was then taken up and passed.

Several communications were then, in their order, presented by the bishop for the consideration of the conference, the most important of which was one from the Cincinnati conference, which contemplates the establishment, by the united action of all the conferences, an institution for the education of people of color.

Some time further was spent in the examination of the characters and passage of the preachers yet on trial, when the conference adjourned until to-morrow.

Janesville, Aug. 30, 1884.

The Janesville Free Press says there are three whigs in Rock county who adhere to the old whig organization.—Free Dem.

And might have added, not one who adheres to the old free soil organization.

THE TELEGRAPH.—There is reason to apprehend a trick of some kind upon the telegraph wire between here and Milwaukee. With the past week, men have been over the entire line three times, and the wire is in no place found down, or any apparent cause of trouble. Still the registers in the offices do not work except between Janesville and Whitewater. Yesterday two of the operators were sent from Whitewater to Milwaukee to find out if possible the cause of the difficulty.

Senator Douglas is to address the people of Chicago to-morrow defence of the Nebraska bill.

Delegates to the congressional convention in the first district have thus far been chosen equally from the whig and free soil parties.

ESTIMATED EXPENSES.—The estimated expenses of the city of Milwaukee for the coming year is \$21,250.00 for city purposes, and \$32,224.00 for ward purposes, the ward tax being divided as follows:

1st Ward, .....	6,694 62
2d " .....	3,086 19
3d " .....	6,385 92
4th " .....	3,991 70
5th " .....	2,085 57
Total, .....	22,224 00

The railroad Convention at New York passed resolution against the system of "free passes."

DISASTROUS ROW.—The Petersburg Democrat learns that a terrible row took place at Lynchburg, Thursday night, between the showmen at Barnum's mammoth exhibition and the citizens of Lynchburg, resulting from the great number of extra charges made notwithstanding the published notice that the whole was to be seen for fifty cents. Two of the citizens and three of the showmen were very seriously, if not fatally injured, and many others slightly. The ticket office and its contents were destroyed and the show fixtures damaged. The scene is represented to have been fearful; men, women and children were assembled under the huge tent, and the greatest consternation prevailed. Unable to leave the tents, being in some cases deserted by their protectors, and in all afraid of being shot or knocked down in the melee, the alarm of the ladies was excessive. After the informant of the Democrat left the scene of action, he heard fifteen reports of pistol shots, and clubs and fists were very freely used during the whole continuance of the disturbance.

The Post is quite jubilant because Dr. Edson, R. Olds, of Ohio, and Richardson, of Illinois, prominent Nebraskaites and doughfaces of the worst description, have been respectively nominated for re-election. It may be as well for the Post to wait until they are re-elected before it crows too lustily. If we mistake not the integrity of their constituencies, an ignominious defeat is in store for both of these arch-traitors to freedom. The convention to settle Dr. Olds' political coffee, meets at Columbus on Saturday. The man they will nominate will, if the signs are not deceptive, take the place of the dishonest and tricky chairman of the committee of the whole, whose scoundrelism the Post gloates over. Both Richardson and Olds will, we are fully confident, be laid for ever on the shelf, as dried and musty specimens of effete demagogues and traitors, never to be taken down unless from mere curiosity by some political virtuoso, who may wish to inspect their mortal remains.—Boston Atlas.

THE GREAT VALLEYS OF THE WEST.—The difference of elevation of the valleys of the Missouri and the Mississippi has been determined. The level of the Missouri at Council Bluffs is one thousand and twenty feet above the Mexican Gulf; that of the Mississippi at Rock Island, in the same latitude, only five hundred and twenty-eight feet. At Port Pierre, in latitude 44 deg. 24 min., the elevation is one thousand and fifty-six feet, while at the lower end of Lake Pepin, in the same latitude, the elevation is only seven hundred feet above the Gulf. There are in the Missouri 210 islands between the Yellow Stone and the mouth; one-half of them produce forest trees, chiefly cottonwood and palm trees below the Platte, and above it intermingling gradually with trees and shrubs peculiar to higher regions, until the predominant growth is stunted cedar and pine. The number of tributaries within the same space is over two hundred. Very few of them are of any size or length. The Kansas and the Platte are the only ones west of the states of any value for navigation.

NEWSPAPERS NORTH AND SOUTH.—At the date of the last census, there were six slaveholding states in which there was no daily paper. The weeklies have a very limited circulation. All the periodicals of large circulation are published in the north. Take any ten weeklies in the south, and the aggregate of their editors would not equal that of the Saturday Evening Post, or of the N. Y. Weekly Tribune. In magazine literature, Putnam's Monthly has a larger circulation than all the southern magazines together, while Harper's nearly doubles Putnam's. The last census reveals these facts concerning the daily and other periodical publications in the different states of the union:

"Free states, daily 180; weekly, and others 1823; total 1808. Slave states, daily 7; weekly and others 645; total 716."—Cleveland Leader.

EDITORIAL FARMING.—Horace Greeley, it is well known, has taken to farming. Last year, when in Massachusetts, attending the poultry show, he bought half a dozen pure Cochins China eggs, at 85 a dozen, which produced him six ugly ducks. An editor from Maine, however, fared still worse. He bought half a dozen eggs of a "new variety," which the dealer assured him would produce "very rare birds." So they did, for they were put under the very best hen, and in due time came out—"what do you think?"

"I could not guess," said his friend; "what were they?"

"Land turtles!" and what was worse, as soon as they were hatched, they seized upon the old hen, and such a squalling never was heard in any other hen's nest."

A TAME WHALE.—An eastern traveler, in a newly published work, entitled "notes of travel," relates the following singular fact, which came under his observation at Muscat:

"No visitor to the harbor is better welcomed by the natives than Muscat Tom. This name has been given by sailors to a male finback whale which has made an habitual practice for over forty years to enter, feed and frolic about the cove several hours in each day, always leaving before night. Sometimes a smaller member of his tribe, supposed to be a female, accompanies him. His length may not be less than seventy feet and that of his companion fifty feet. Since his arrival signals the departure of the sharks which infest the waters of the harbor to the prevention of sea bathing by the natives, the most strenuous caution is observed not to interfere with his pursuits and diversions. He shows no fear of such vessels as trespass upon his watery field. One day as he came rolling leisurely and jollily along-side of a vessel at anchor in the harbor, and on board of which I was, one of the crew threw with considerable impetus a stick of wood into his open mouth as he raised his head out of water. This breach of the good treatment which he has been wont to receive did not draw any signs of displeasure from his whaleship, although more than one malediction was bestowed upon the imprudent tar by exasperated natives who had observed his consumable conduct."

NOTICE.

STREET COMMISSIONER'S OFFICE, First Ward, City of Janesville.

THE UNDERSIGNED having ordered that Milwaukee street in said First Ward of the city of Janesville, be graded from the west end of the bridge crossing the Rock River in First and Second Wards to the intersection of said Milwaukee street with Madison street, notice is hereby given to the owner or owners and occupants of the lots or parts of lots, or land adjoining, and on both sides of said street, that they are required to do said work by the 25th day of September next, according to the directions and plans of the city engineer, and if the said work is not done by then, the undersigned will enter into contract for doing the same, in accordance with the provision of the city charter Janesville, Aug. 18, 1854.

R. E. FRYE, Street Commissioner.

Something New!!

MR. CHARLES AUSTIN, the celebrated Reed maker has just completed his new Organ Reed, upon which he has labored for the last five years and expended much time and money. This reed is different from all others in its composition, being much larger and having more power. It is intended for Church and Parlor Organs as manufactured by Austin & Co. Thoroughly tested and approved, an upright Organ action and are of the shape of all Church Organs. The price will range from \$175 to \$400, depending upon the finish of the case. To churches in want of an instrument of that value we would say that they have more power than any common Organ costing \$500.

J. F. Pease & Co., Janesville, Wis., are interested in the manufacture and sale of these instruments, and the only persons through whom they can be had. They will have one or more for exhibition on and after Sept. 10, and after that a good assortment as soon as they can be manufactured.

JOHN F. PEASE & CO., Janesville, Wis. CHAS. AUSTIN, Concord, N. H. au164w

J. F. PEASE WILL commence his next term of instruction upon the Piano Forte, and Vocal Music on Wednesday Sept. 10th. Pupils under his tuition may be assured that no pains will be spared to secure their rapid and thorough advancement in the art.

Good boarding places will be provided for those from abroad. Opportunity for practice upon good Pianos, for those who wish. Apply at Pease's Music Rooms, Janesville, Aug. 15, 1884. au12-3w4d

Notice.

THE undersigned having closed up the affairs of their late firm, are now engaged in the wholesale and retail agents for the following houses, manufacturing Organs, Melodeons and Seraphines. Messrs. Austin, Johnson & Dearborn. Mason & Hamlin, Warranted. Ingalls & Crockett, Prescott & Bros. Any instrument made by the above firms we will furnish at the manufacturer's price and fully warranted. We also have a large stock of new and second hand Organs, Melodeons and Seraphines, and will sell them at a low price. Terms cash or approved notes on three or four months. JOHN F. PEASE & CO., Janesville, Wis. au12-3w4d

Music, Drawing and Painting.

MRS. S. FOORD will be happy to give instruction in Music, Drawing and Painting to those who may desire it. She can be reached at Jackson street, three doors north of the Methodist Church. TERMS.—Piano Forte music, 24 lessons, including the use of instrument, ..... \$10 00 Organ Music and Thorough Bass, with musical composition, ..... 15 00 Painting, Water Colors, Flowers, Fruit ..... 5 00 Painting in Oil Colors, Landscapes, ..... 5 00

"PROF. COMSTOCK."—As we have heretofore alluded to the Milwaukee News in connection with this illiterating "professor" of impudence and humbuggery, it is only fair that we should give its explanation of the manner in which its columns were obtained to "puff" that essence of self-conceit and imposture. This explanation we find in the News of Tuesday last, and in republishing it, it may not be amiss to say that the News has vastly improved its character since its new editors have had charge of it, and that our opinion of its late editor is improved by finding that he had the manliness to decline any job that might be required of him. Says the News:

"This Comstock, the self-styled 'professor,' called upon the late editor of the Morning News about six weeks since, and endeavored to obtain an editorial endorsement of his 'terrible culture system.' He not only did not succeed in this attempt, but failed to obtain the insertion of a communication, puffing himself and his 'system,' until it was paid for as an advertisement. Subsequently, having learned that a young gentleman had temporary charge of our editorial columns during our absence at the east, who was unacquainted with the facts above stated, the 'professor' obtained, by false pretences, an editorial endorsement, written by himself, and a large number of extras struck off with this highly impartial and disinterested recommendation, in order to extend his 'system' of gulling flats.

If there were no other evidence, such conduct is presumptive evidence of dishonesty. But 'Professor' Comstock does not bring with him an irreproachable reputation from the east, and the most prominent men in the state of New York, where he lives, as well as the best agriculturists in Wisconsin, have pronounced his 'system' to be as great a humbug as himself. We trust that these papers which he has induced to publish our commendation of him and his 'system,' will do us the justice to publish this explanation of the surreptitious manner in which he obtained it.

Our own acquaintance with this modest specimen of humanity began and ended with a call in which he intimated a libel suit for publishing the proceedings of a meeting in Waukesha county reproaching his "system." Before visiting us he had sent through the mail a long circular embodying the most extravagant laudation of himself and wonderful accounts of the value of his "system," with a refreshingly cool request that almost amounted to a command to publish at length. Not a word was intimated that it was designed as an advertisement, or that any pay was ever intended, but the assumption was apparent that its publication was considered a public duty, and the editor who should be selected to announce so great a boon to the people was under obligation for a high personal favor. The threat of a libel suit for publishing the Waukesha county meeting failing to extort a promise of retraction and an unlimited use of our columns to extol himself and puff his system, he came to the conclusion that we were of no account and could do him no harm. Since then we have not been troubled with him or his importunities to advance his humbuggery project. The "professor" has less brains than we gave him credit for, or presumes more largely upon public credulity than we supposed even he would attempt, by provoking the exposures his folly and mendacity merit.

Who is DELINQUENT?—A correspondent sends us the following:

"Will the common council take some action upon the nuisance at the east end of the upper bridge. The stench is intolerable. I should suppose that when there is so little to do to keep the avenues clean, and by that means preserve the health of the city, it would be done without having to call attention through the press to every nuisance that exists. We have escaped sickness most wonderfully so far, but the public will give little credit to the common council for it."

Our correspondent indulges in some not very complimentary allusions to the common council, which we suppress, as their publication would not probably expedite the reform desired, and may be misapplied, the board of health being pretty fully empowered to act in the matter.—The nuisance complained of ought to be abated, for very decency's sake, if nothing else. After a proper present purification, perhaps any future offence might be prevented by tearing up the plank and exposing to the public gaze the offenders if they have any disposition to continue their filthy practices. The bridge is useless now for the purpose of crossing with teams, and a foot-path for our citizens would answer all the uses now allowed. At all events, let something be done by somebody.

FATAL ACCIDENT.—We learn that a woman named Moore was killed at the Fulton depot Tuesday evening by the train going west. She attempted to get into the car after the train had started, and missing her step was thrown between the depot platform and train, where she was crushed to death.

RAILROAD MEETING IN MONROE.—We learn from gentlemen who left Monroe Tuesday afternoon before the meeting adjourned, that the attendance was very large, and that a good deal of feeling was exhibited in favor of the immediate prosecution of the road. It is expected that the stock subscriptions in Greene county will be liberal, and hoped that the construction of the road will soon commence.

BATHING TUBS.—Should the present roasting hot weather suggest to any one the idea of a cooling bath, the means of carrying out that idea, conveniently and fully, may be found at the store of Lawrence Atwood & Co. They have several styles of tubs, which are well made and well adapted to the purpose designed.

Messrs. Brownson and Youcumb were appointed tellers.

Rev. W. H. Sampson having received a plurality of the votes cast, was declared secretary for the present year.

Rev. J. C. Dana was then appointed assistant secretary, *viva voce*.

A number of preachers from other conferences were then introduced to the conference by the bishop.

The secretary read the by-laws of the conference, when they were adopted for the present session.

The conference then resolved to meet at 8 o'clock A. M., and adjourns at 12 M. The afternoon being devoted to the business of the several committees.

The presiding elders were then appointed a committee to nominate the standing committees for the session, who thereupon retired to attend to the duty assigned them.

On motion the bar of the conference was made to extend from the pulpit to the second seat east of the middle windows—the seats beyond this and on either side of the pulpit being reserved for spectators.

Rev. Mr. Prescott then offered in substance the following resolution, viz:—

"That the bishop be requested not to appoint any presiding elder, who may have served four years in succession as such, to the same position again, until he has served at least two years on some circuit, station, or other work of the conference."

Mr. P.—supported his resolution in some brief remarks.

The question was then called for, when the bishop suggested the propriety of deferring action on it until the presiding elders (then absent) should be present, which was agreed to.

The conference then took a recess of twenty minutes.

The first business after recess was the reading of the report of the presiding elders, which, after some amendments, was adopted.

Committees were appointed on temperance, slavery, tracts, Sunday schools, the bible, missions, and other matters pertaining to the wants of the conference.

The resolution previously offered by the Rev. Mr. Prescott, was then taken up and passed.

Several communications were then, in their order, presented by the bishop for the consideration of the conference, the most important of which was one from the Cincinnati conference, which contemplates the establishment, by the united action of all the conferences, an institution for the education of people of color.

Some time further was spent in the examination of the characters and passage of the preachers yet on trial, when the conference adjourned until to-morrow.

Janesville, Aug. 30, 1884.

The Janesville Free Press says there are three whigs in Rock county who adhere to the old whig organization.—*Free Dem.*

And might have added, not one who adheres to the old free soil organization.

THE TELEGRAPH.—There is reason to apprehend a trick of some kind upon the telegraph wire between here and Milwaukee. With the past week, men have been over the entire line three times, and the wire is in no place found down, or any apparent cause of trouble. Still the registers in the offices do not work except between Janesville and Whitewater. Yesterday two of the operators were sent from Whitewater to Milwaukee to find out if possible the cause of the difficulty.

Senator Douglas is to address the people of Chicago to-morrow defence of the Nebraska bill.

Delegates to the congressional convention in the first district have thus far been chosen equally from the whig and free soil parties.

ESTIMATED EXPENSES.—The estimated expenses of the city of Milwaukee for the coming year is \$21,250.00 for city purposes, and \$22,224.00 for ward purposes, the ward tax being divided as follows:

1st Ward	6,684 02
2d "	3,086 19
3d "	6,886 92
4th "	3,991 70
5th "	2,085 57
Total	22,224 00

The railroad convention at New York passed a resolution against the system of "free passes."

MECHANIC'S MUTUAL PROTECTION.—This order which died out some years ago, has been reconstituted in western New York. Lodges have been established in Buffalo, Lockport and Medina.

The Farmer's Bank of Chicago have given notice that they desire to withdraw their issue, and request a presentation of their notes at the banking office.

The Kenosha Telegraph says that a friend from the country informs it that the present hot and dry weather threatens the almost entire destruction of the potato crop. Should it continue a few days longer, potatoes will turn out very small and very few to the hill.

THE MILWAUKEE NEWS LEARNS FROM WASHINGTON that at the request of the Hon. Henry Dodge, the lands heretofore withdrawn from sale or entry in the Willow River and Mineral Point district on the line of the proposed railroad from Dubuque to Fond du Lac, Lake Superior, will again be subject to location and entry on and after the 25th of September next, on the same conditions as before the withdrawal.

MESSRS. BROWNSON AND YOUNCUMB WERE APPOINTED TELLERS.

REV. W. H. SAMPSON HAVING RECEIVED A PLURALITY OF THE VOTES CAST, WAS DECLARED SECRETARY FOR THE PRESENT YEAR.

REV. J. C. DANA WAS THEN APPOINTED ASSISTANT SECRETARY, *VIVA VOCE*.

A NUMBER OF PREACHERS FROM OTHER CONFERENCES WERE THEN INTRODUCED TO THE CONFERENCE BY THE BISHOP.

THE SECRETARY READ THE BY-LAWS OF THE CONFERENCE, WHEN THEY WERE ADOPTED FOR THE PRESENT SESSION.

THE CONFERENCE THEN RESOLVED TO MEET AT 8 O'CLOCK A. M., AND ADJOURNS AT 12 M. THE AFTERNOON BEING DEVOTED TO THE BUSINESS OF THE SEVERAL COMMITTEES.

THE PRESIDING ELDERS WERE THEN APPOINTED A COMMITTEE TO NOMINATE THE STANDING COMMITTEES FOR THE SESSION, WHO THEREUPON RETIRED TO ATTEND TO THE DUTY ASSIGNED THEM.

ON MOTION THE BAR OF THE CONFERENCE WAS MADE TO EXTEND FROM THE PULPIT TO THE SECOND SEAT EAST OF THE MIDDLE WINDOWS—THE SEATS BEYOND THIS AND ON EITHER SIDE OF THE PULPIT BEING RESERVED FOR SPECTATORS.

REV. MR. PRESCOTT THEN OFFERED IN SUBSTANCE THE FOLLOWING RESOLUTION, VIZ:—

"THAT THE BISHOP BE REQUESTED NOT TO APPOINT ANY PRESIDING ELDER, WHO MAY HAVE SERVED FOUR YEARS IN SUCCESSION AS SUCH, TO THE SAME POSITION AGAIN, UNTIL HE HAS SERVED AT LEAST TWO YEARS ON SOME CIRCUIT, STATION, OR OTHER WORK OF THE CONFERENCE."

MR. P.—SUPPORTED HIS RESOLUTION IN SOME BRIEF REMARKS.

THE QUESTION WAS THEN CALLED FOR, WHEN THE BISHOP SUGGESTED THE PROPRIETY OF DEFERRING ACTION ON IT UNTIL THE PRESIDING ELDERS (THEN ABSENT) SHOULD BE PRESENT, WHICH WAS AGREED TO.

THE CONFERENCE THEN TOOK A RECESS OF TWENTY MINUTES.

THE FIRST BUSINESS AFTER RECESS WAS THE READING OF THE REPORT OF THE PRESIDING ELDERS, WHICH, AFTER SOME AMENDMENTS, WAS ADOPTED.

COMMITTEES WERE APPOINTED ON TEMPERANCE, SLAVERY, TRACTS, SUNDAY SCHOOLS, THE BIBLE, MISSIONS, AND OTHER MATTERS PERTAINING TO THE WANTS OF THE CONFERENCE.

THE RESOLUTION PREVIOUSLY OFFERED BY THE REV. MR. PRESCOTT, WAS THEN TAKEN UP AND PASSED.

SEVERAL COMMUNICATIONS WERE THEN, IN THEIR ORDER, PRESENTED BY THE BISHOP FOR THE CONSIDERATION OF THE CONFERENCE, THE MOST IMPORTANT OF WHICH WAS ONE FROM THE CINCINNATI CONFERENCE, WHICH CONTEMPLATES THE ESTABLISHMENT, BY THE UNITED ACTION OF ALL THE CONFERENCES, AN INSTITUTION FOR THE EDUCATION OF PEOPLE OF COLOR.

SOME TIME FURTHER WAS SPENT IN THE EXAMINATION OF THE CHARACTERS AND PASSAGE OF THE PREACHERS YET ON TRIAL, WHEN THE CONFERENCE ADJOURNED UNTIL TO-MORROW.

## Something New!!

MR. CHARLES AUSTIN, the celebrated Reel maker has just completed his new Organ Reel, upon which he has labored for the last five years and expended more than six thousand dollars. This reel is different from all others in its construction, being much larger and having more power. It is intended for Church and Parlor Organs as manufactured by Messrs. Austin & Co. These Organs have an upright (Organ) action and are of the shape of a

\$300, depending upon the state of the case. To churches as in want of an instrument of that value we would also like to have more power than any common Organ costing \$500.

J. F. Pease & Co., Janesville Wis., are interested in the manufacture and sale of these instruments, and are the only persons through whom they can be had. They will have one or more for exhibition as early as Sept. 10th, and will make assortment as soon as they can be manufactured.

## J. F. PEASE

WILL commence his next term of instruction upon the Piano Forte and Voice Musto on Wednesday Sept., 10th. Pupil under his tuition may be assured that no pains will be spared to secure their rapid and thorough advancement in the art.

Good boarding places will be provided for pupils from abroad. Opportunity for practice upon good Pianos, for those who wish. Apply at Pease's Musto Rooms.      a122-342w

**MINNESOTA LAND FRAUD.**—A Minnesota paper thus plainly speaks of the late fraud perpetrated by the clerk of the house of representatives in altering an important word in the Minnesota land bill:

"Since the passage of the bill, we had heard it whispered among the knowing ones, that it was 'all right'—that the friends of the late bill had been 'sold,' and the first operators would take the lands under last winter's act of our legislature. Until this recent exposure, however, we little understood the nature of the game that had been played. We little dreamed that the rapacious harpies and speculators who labored so strenuously last winter for the passage of an act by which they could make their fortunes at the expense of the territory, would descend to such despicable low cunning and meanness—such treacherous, Indian warfare as to sneak into the clerk's room and alter an engrossed bill, giving the charter to parties for whom it was never intended. If we ever entertained any doubts about the corrupt means used to pass the charter through our legislature, this finishing stroke has removed them all."

**NARROW ESCAPE FROM A BULL.**—The Ontario (Can.) Reporter of the 3d inst., records the following narrow escape from an infuriated bull:

On Sunday last, Mr. John Heslop, of this township, came near being gored to death by a furious bull belonging to Mr. Anderson, of the second Concession. The bull came into the premises of Mr. Heslop who undertook to drive him to the pound. On reaching the pound, kept by Mr. Wm. Balmer, his bull refused to enter the proper gate, and went into the yard. Mr. Balmer being present, assisted to drive him into the gate, when, probably being an old acquaintance of that gentleman, he made a dash at him, and Mr. Balmer took refuge on the opposite side of the fence with extraordinary agility. The bull now ran into Mr. B's wheat field, followed by Mr. Heslop. Here a fearful encounter took place. The bull turned on Mr. Heslop, and at the first charge brought him to the ground, the horns fortunately passing by his side. Before Mr. H. could get up, the infuriated animal had recovered himself and with a fearful roar made a second lunge with such force that he fell on top of Mr. H., burying his horns deep in the ground, and tearing it up with rage. Mr. Heslop could not stir, being pressed between the fore legs of the bull, and to speak lightly of a serious matter, he found himself between the horns of a very dangerous dilemma. Mr. H. however, lost his presence of mind, and although it is recommendable in many difficult cases in life to "take the bull by the horns," Mr. H. preferred in this instance to take him by the nose; so managing to get his fingers into that organ, he brought his heavy antagonist to his senses at least, and both came to their feet. The struggle for the mastery was fearful, but Mr. H. was a strong man, and his life depended upon his efforts. After a severe tussle, the enraged beast was backed against the fence, which Mr. Heslop placed between himself and his antagonist at once, fortunately without any injury, farther than a few slight bruises. Mr. Balmer was unacquainted with the struggle in the wheat field until it was over. The bull ran a few rods and dropped dead from rage and exhaustion.

**THE SKINS OF RUSSIA.**—The Marquis de Custine, in his recently published work on Russia, devotes a chapter to the Skins. He says it is difficult to form a just idea of the real position of this class of men, who live in the possession of no acknowledged rights, and who yet form the nation. In many parts of the empire, the peasants believe themselves to belong to the soil, a condition of existence which appears to them natural, even when they have difficulty in understanding how man can be the property of man. Not infrequently the peasants, when about to be sold, send a deputation to some far off master, of whose character for kindness they have heard, imploring him to buy them, their children and cattle. And if this lord so celebrated for his gentleness, be without money, they provide him with it, in order to be sure of belonging only to him. In consideration, he exempts them from taxes for a certain number of years, and thus indemnifies them for the price of their bodies, which they have paid to him in advance by furnishing the sum that represents the value of the domains to which they belong, and to which they have, as it were, obliged him to become their proprietor. The greatest misfortune which can happen to those vegetating men, is to see their native fields sold. They are always sold with the globe, and the only advantage they have hitherto derived from the modern ameliorations of the law is that they cannot now be sold without it. The fortune of a wealthy man is computed by the hands of his peasants. The man who is not free is coined, and is equivalent, on an average, to ten roubles a year to his proprietor, who is called free, because he is the owner of serfs. There are districts, however, where each peasant brings three or four times this sum to his master.

**MR. BUCHANAN'S RENEGATION.**—The National Democrat says, "we have reason to believe that Mr. Buchanan will resign his present position, and return to the United States within three months. It is probable that he does not wish to be held responsible for longer connexion with this administration. So every body else feels who has not abandoned every hope in the future."

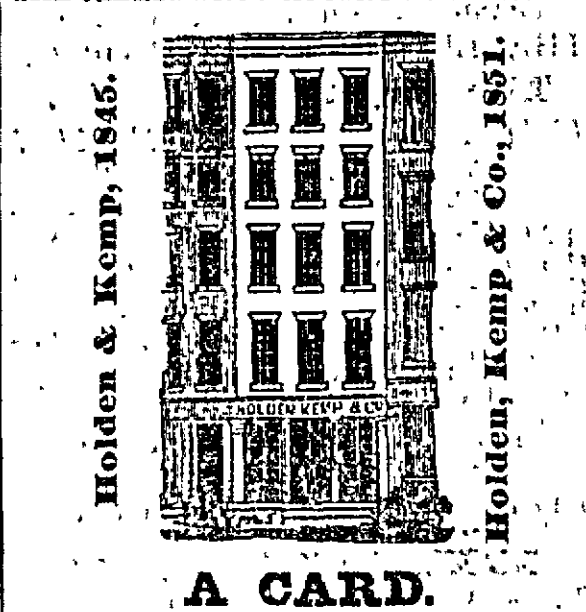

**OHIO.**—A mass district convention in 20th congressional district in Ohio, met at Warren on the 15th inst., and nominated Joshua R. Giddings for re-election to congress, though not without considerable opposition. He received on the 4th ballot 44 votes, to 40 for Hutchins, and one for Sutcliffe.

**N. Y. & Erie Railroad.**—The New York Evening Post of the 22d says: "A meeting of the Erie railroad directors was held this morning, when they resolved to issue new mortgage bonds, redeemable in four payments at one, two, three and four years' date, bearing the usual interest, to exchange for the income-bonds due and payable on 1st February. The majority of the holders are relied on as being certain to accept the proposition, leaving but a small amount, if any, to be paid in cash."

**HOTEL FOR COLORED PEOPLE.**—The New York correspondence of the Philadelphia City Item, says Wm. B. Astor, Josiah Perham, Horace Greeley, P. T. Barnum, W. H. Burroughs of the Irving, and Coleman & Stetson, of the Astor House have purchased the row of brick buildings facing the Bowling Green, and looking up Broadway. They will demolish these buildings, and erect upon the site a fine hotel, of brown sandstone, intended solely for colored people of the United States. It will be leased to colored men, and none but colored men and women will be allowed to board there.

## A PERIODICAL IN JANESVILLE!

"The Wisconsin Home,"

A Miscellaneous and Reformatory Journal, will be printed on the first and fifteenth of each month from and after the

FIFTEENTH OF SEPTEMBER, 1854.

by Messrs. BAKER & DORR, publishers and proprietors of the Janesville Free Press; and edited by Wm. M. Dorr, of the above named firm.

It is the purpose of the "Wisconsin Home" to consist of EIGHT PAGES; making a sheet, in point of size, nearly the same as the "Scientific American." We shall reserve ONLY ONE COLUMN OF ADVERTISING for the purpose of publishing an advertisement in addition to our own; leaving THIRTY-ONE COLUMNS OF READING MATTER.

One or two good stories will appear in each No. but none except those having a directly moral and beneficial tendency will be admitted in the columns. A short summary of passing events will be given; but no political grounds will be taken. As a better idea may be formed by seeing the article itself, the first No. will be furnished to all who may wish to examine it, FREE OF CHARGE.

The terms of the "Wisconsin Home" will be ONE DOLLAR PER YEAR, payable half yearly in advance. Subscription books now open.

Orders solicited early, especially for sample numbers, in order that we may know how large an edition will supply the demand. Address post-paid, to W. M. DORR, Janesville, Wis.

\*Papers giving the above one insertion and calling attention thereto editorially, will not only be entitled to an exchange, but to the thanks of the proprietor.

MINNESOTA LAND FRAUD.—A Minnesota paper thus plainly speaks of the late fraud perpetrated by the clerk of the house of representatives in altering an important word in the Minnesota land bill:

"Since the passage of the bill, we had heard it whispered among the knowing ones, that it was 'all right'—that the friends of the late bill had been 'sold,' and the first operators would take the lands under last winter's act of our legislature. A PERIODICAL IN JANESVILLE!

"The Wisconsin Home,"

A Miscellaneous and Reformatory Jour-

nal, will be printed on the first and fifteenth of

each month from now and after this.

FIFTEENTH OF SEPTEMBER, 1854.

By Messrs. BAKER & DORR, publishers and proprietors

of the Janesville Free Press; and edited by Wm. M.

Dorr, of the above-named office.

Each No. of "The Wisconsin Home" will consist of

EIGHT PAGES; making a sheet, in point of size, nearly

the same as the "Scientific American." We shall

reserve ONLY ONE COLUMN OF ADVERTISING for

the publication of an original prospectus in

addition to our own; leaving THIRTY-ONE COLUMNS

OF READING MATTER.

One or two good stories will appear in each No. but

none except those having a directly moral and benefi-

cial tendency will be admitted in the columns.

A short summary of passing events will be given; but no

political grounds will be taken. As a better idea may

be formed by seeing the article itself, the first No. will

be furnished to all who may wish to examine it, FREE

OF CHARGE.

The Terms of "The Wisconsin Home" will be ONE

DOLLAR PER YEAR, payable half yearly in advance.

Subscription books now open.

Orders solicited early, especially for sample

copies, in order that we may know how large an edition

will supply the demand. Address post-paid,

WM. M. DORR, Janesville, Wis.

\*Papers giving the above an insertion and call-

ing attention thereto editorially, will not only be en-

titled to an exchange, but to the thanks of the proprietor.

**KUER'S ROCK OIL,**  
FROM A Well 400 feet deep. Near Pittsburgh

P. Pa., is offered to the public as a Natural Medicine  
of no common value. It is a different thing from the oil  
of Kentucky or American Oil, as this is used by FRANKLIN'S  
Piles, Rheumatism, Deafness, Loss of Sight, Burns, &c.  
—also, as a valuable *Natural Remedy* for Sore, Ague,  
Scorbutic Coughs, Diarrhea, Erysipelas, old Piles, Jaundice,  
Rheumatic Gout, Dropsy, Stomachic Disturbances, &c.  
It cures Asthma, Bronchitis, Pains &c., &c.; it invites the in-  
vestigating Physician, as well as the suffering patient,  
to become acquainted with its merits.

Discovered in 1840, it has been tried for 2 or 3 years, mac-  
erated in all climates, by multitudes of friends—and  
soon as tried the Sales not only increase but ADD our  
Testimony to its great merit is constantly accumulating  
in the hands of the proprietor by certificates, letters  
&c.

and every thing in the shape of Merchandise that is  
wanted in any town or city. In the  
**DRY GOODS**  
department our stock is at present the largest, richest  
and most magnificent ever before offered in Jacksonville.  
Among our **DRESS GOODS** may be found the most  
magnificent stock of **Plaid, Black and Watered Goods**  
**and the Superior Silk and Plain Plaid and Striped Fancy Silks,**  
ever offered for sale in Jacksonville.  
The attention of the Ladies is particularly directed  
to our very extensive assortment of  
**PLAIN BLACK SILKS.**  
We have some better Goods than can be found at  
any other store in the city, and our prices are as low as  
any will have to pay for an inferior article at other  
stores; also a very extensive assortment of **All Wool**  
**and Mixed Wool, Plain and Figured Barges, Dutch**  
**and Delaines, &c.**  
Among our stock of low priced Dress Goods may be  
found  
1,000 yds. Fine French Lawns at 5½ c., sold at other  
stores at 1s. per yard.  
1,000 do. ¾c., sold at other stores 1s. 3d. per yard.

1,000 do. Buffalo Prints, 6½ c., sold at other stores 10c  
per yard.  
**SHAWLS!**  
In this department we have a very extensive assort-  
ment of White, Gray, Square and long, Plain and Fig-  
ured Cashmere, Black and Colored Silk, Barege, and  
everything in the Shawl line, from the lowest price to  
the best article in the market.  
**EMBROIDERY GOODS.**  
We probably have a better assortment of these Goods  
than any the rest of the stores in Jacksonville put together,  
consisting of Flowing Sleeves, Handkerchiefs, Chemises, Col-  
lared and Plain Linens, and all kinds of goods in market, which  
will be sold at **LOWER PRICES** than ever before sold

in this State. The attention of the Ladies is particularly directed to these Goods.

**PARASOLS.**

We have now on sale 1600 Parasols. Our immense stock in these goods commands us to say that we will undersell any establishment in this City, at least 25 per cent.

**4000 Yards**

Fine, Past Colored French Ginghams this day received, that we are selling at 14. per yard. They cannot be so matched in this town as this day. Call soon, if you intend to save 30 per cent in Ginghams, as they are going fast.

**BONNET AND BONNET-TRIMMINGS,**  
Cheaper than the Cheapest.

**READY-MADE CLOTHING.**

Our Clothing Rooms are well stocked with the best made and most fashionable styles of clothing. We have the largest and most extensive assortment of all kinds of clothing in Rock county, and we shall keep up the reputation we have already gained, of underselling any of our neighbors. Among our stock may be found 1,000 men's coats, waists and hats at 25 cents each.

**BOOTS AND SHOES.**

We have a large stock of all kinds of boots,

are requested to take a look at. When they examine the goods and hear the prices, we know they will purchase.

**CROCKERY AND GLASS WARE.**

In these goods we have a very extensive stock of the best value in the market. We have various fine sets of crockery, and we will give you, say, as they will be worth at least 25 per cent, and get the very best of your

**GROCERIES.**

As usual our stock of these goods is very large and complete, and the choicest kind of goods. We have a few more chests of that splendid YOUNG HYSOON TEA, that we have been selling so much of. Good Luck for \$450.

In conclusion, we would say that we find the Cash is the only one that will win. We buy our goods, and sell them wholly for cash, and shall sell them for the same, and

sell any other way; and consequently those that buy any of our  
 sell on a credit of a year, eighteen months or two years  
 as the case may be, cannot get goods at our prices.  
**THAT'S SO!** For the proof of our assertion, call and  
 examine our goods and prices.
